

# TROOP REPORT

July 2007

BSA Troop 707

Volume 14 No. 7

## Summer Camp

Summer Camp was great! But what could be better than a week at Camp Old Indian. The troop took as many as 40 merit badges. Better yet they brought home ribbons in many of the Friday afternoon events. All in all it was a great week.

## July Caving

On July 28<sup>th</sup> we will be going caving. We will go to Worley's cave in Eastern Tennessee. This is an undeveloped cave so should be a lot of fun to explore. We will leave at 9:00 Saturday morning and return around 1:00 on Sunday. The group is limited to ten people so signup early to get a place. On July 24 Andy Shoun will visit the Troop meeting. He will be instructing on the things we will need and what to do while caving.

## OA News

With summer upon us there won't be chapter meetings until September. Of course there is always the Wednesday night OA dance pageant at camp. The annual cookout and Vigil call out will be July 18th, also at camp.

## August Rafting

In August we will once again do our annual raft trip. The date is not set firmly yet, so if you have a preference for a weekend in August let us know.
